

Residential Energy Efficiency Programs

New Incentives for 2023!

With the recent state and federal focus on energy efficiency, there has been a significant increase in financial incentives to upgrade your home or participate in renewable generation projects. These projects will help you save on your utility bills, get into a more efficient vehicle, and live more comfortably.

Use the incentives calculator from Rewiring America to identify potential rebates.

www.rewiringamerica.org/app/ira-calculator

To learn more about incentives and contractors in VT, contact Efficiency VT.
