Visitors Business: No visitors present

Discussion of Request for Bids: All committee members were allowed a few minutes to discuss the draft Request for Bid for roof replacement. There were some questions around dates and the scope of work included (or not included) in the draft bid request. Suggestions were discussed including the language around sistering rafters and banding the timbers that support the top plate and rafters. Also need to specify the type of roof sheathing required. Also will re-work language about “replacing infrastructure” since replacing infrastructure is not in the scope of the work proposed. There is also language in the document about replacing all soffits and fascia, but the committee discussed only replacing those areas that were damaged by rot. In general, the committee agreed that a little more work needed to be done defining rake, soffit, eave, fascia, etc. as well as provide a little more detail regarding gauge of metal, type of fasteners, and include painting in the scope of the bid.

Proposed Meeting With Zoning Administrator: The committee decided the time was right to reach out to the new Zoning Administrator with the current and proposed plans for the Jerusalem Schoolhouse and Fire Station #2 for a preliminary review.

Motion: L. McCarthy made a motion to present current drawings in person to the Zoning Administrator to gauge compliance with Town zoning rules. T. Estey seconds.

Vote: All in favor
